Guidelines and procedures governing this Agreement										
Schedule of courses may vary but other changes to program must be approved by LCPS Guidance and an SVCC Division Chair.										
In order to receive articulation credit under this agreement, students must graduate with at least a 2.0 overall average (on a 4.0 scale).										
In order to receive articulated credit on a particular course, a student must receive a "B" or better on the course.										
Courses accepted for articulation credit at SVCC may not transfer to other institutions.										
Although college placement tests will be administered, no examination on articulated courses will be required if students enroll in the Tech Prep Associate Degree or Certificate Program at SVCC within two years of graduation. Thereafter, SVCC may, at its discretion, require proof of program content retention.										
Tech Prep students pursuing an Associates Degree will receive credit for a maximum of four articulated, non-dual-enrollment courses (two for a Certificate Program).										
If a qualifying student has credit for more than four of the approved articulated courses, SVCC will waive those additional approved courses.										
However, the student will be required to take Program related electives in lieu of the waived courses.										
Students are responsible for ensuring that information regarding qualifying articulation courses are brought to the attention of their SVCC Faculty Advisor
